Parking
 Public toilets
 Dog friendly
 Lifeguard locations
 Tide times

Beach Safety Flags

- Red & yellow flags mark the areas of water that are patrolled by lifeguards. This is the safest area to swim.
- Black and white chequered flags are marked out for use by craft (such as surfboards & kayaks). It is not safe to swim in this area.
- The red flag flying alone signifies danger. Never go in the water when the red flag is flying.

CAUTION: Beaches shown are indicative only as sea levels constantly change. Users should always consult tide tables and local warnings.
